Support Worker Services

At Living My Way, our trusted Support Workers uphold our strong set of values by providing high-quality support to help you live your life to the fullest.

We take the time to understand you and your unique situation in order to develop an Individual Support Plan that will ensure your needs are met by our Support Workers.

We are committed to providing our Support Workers with industry-leading wages while keeping our fees within the NDIS Pricing Arrangements and Price Limits. This way, you'll know that your Support Worker is being remunerated well for their service and increasing their loyalty and commitment in supporting your needs.

I chose Living My Way because they made me feel confident that they truly cared about my sister's needs. I know they have the experience and the skills to provide her with high-quality services that empower her and assist her in reaching her full potential.

We Are Here for **You**

At Living My Way, our team is committed to offering support based on our core values of trust, professionalism, respect, flexibility and high-quality service.

Our trained Support Workers are dedicated to providing you with personalised Disability Support, empowering you to live your life, your way.

Personalised Support **Your Life, Your Way**

To begin, we have an initial discussion with you about your personal requirements to develop your own Individual Support Plan. This will give our team all the information needed to provide you with the right care.

We then arrange for you to meet with your Support Worker who has been matched to meet your personal needs.

From here, our team keeps in touch with you regularly to ensure you are happy with the level of assistance provided by your Support Worker, as your opinion matters most.

DISCUSS YOUR OPTIONS WITH OUR SERVICE PLANNING TEAM

As there are a range of services, prices and plan categories involved, discuss your options and the processes involved in your program with our Service Planning team.

To contact our Service Planning Team, please phone **02 8525 4000** or send an email to **operations@lmwl.org.au**.

LMW has taken so much care in finding us the right Support Worker with the criteria we needed. Our Support Worker has been a perfect fit for us in every way, is amazing with her treatment and care of my sister, and we are so grateful to LMW for finding what we asked for.
